Facing Challenges; Adapting to Change; Delivering Hope

By Kirk Driskell
As we welcome in 2021 with a renewed sense of hope, encouragement and goals it is with out question they will intersect with the challenges of COVID-19. I can honestly say that I was praying we would be in further along in restoring our "normal" lives. This pandemic is serious as it affects the health and lives of many with little known about it. Uncertainty is uncomfortable and is inconvenient as we have to adapt our plans. Uncertainty is a part of life and how we react to it will direct our paths. Our intentions do not determine our destination; our actions do. [more]

Serving During the Pandemic **Columbus Shares Lunches with Hospital Workers**

By Julie Bond
Even though the **Rotary Club of Columbus** isn't meeting in person, the great work of Rotary continues. Having both in person and virtual meetings for a few months, the Board decided that because with case counts and hospital occupancy rates are still much higher in January than where they were in December, the club would suspend the in person meetings. It was also decided to give the meals that we would have had at the Trade Center(where we would normally meet) to those in the Health Care community and frontline workers in our community battle against COVID-19. This step would also benefit the trade Center by providing work for their food services team, a win-win!

By Angela Smith

Carolina Mateus was Carl and Judy Tott's GRSP student in 1996 when Carl was Americus Rotary President. Carolina married their son Glenn a number of years later. In Carolina's text to Carl following a group chat with her GRSP class, she stated "After the situation in DC on Wednesday [January 6, 2021], the GRSP class of 1996-97 decided to write a letter to GRSP headquarters mentioning our love and deep belief in US democracy and thanking the program for shaping us to be ambassadors of peace as we moved into our adult lives. After sending the letter, many other GRSP classes joined in signing it and we have since received warm responses from Rotarians." Carolina shared the information and following letter with Carl.

A Closing Thought From Our District Chaplain

It Starts with Thinking for Ourselves

...

By Gregory Adams

Shackles on our minds and bars around our hearts will imprison our souls. That's why it is so important not to allow any one person to control the way we think.

I remember when I was a child, my parents would often time tell me, Greg think for yourself. It's funny now, but I understand why they were telling me to do that. And I'm sure a ... [more]
